#2 Intermediate Level

The Sentence

Each new word must start with the last letter of the previous word. Ensure that the chain of words makes sense when read back as a sentence. How long can you make your sentence?

Below are examples of how the sentence chains should work, but you need to make sure your sentences make logical sense and are communicating a specific thought. Your sentence chain CANNOT just be vocabulary words strung together - there must be something communicated about the topic.

bombing
grenade
evacuate
enemy
